

**Raleigh General Hospital** is committed to providing high-quality care close to home, further enhancing and expanding our services, and making the right investments to promote and protect the health of our region. We take seriously our responsibility to advance our mission of *making communities healthier*<sup>®</sup> and support our community as a vital economic engine. Our dedicated team is committed to going above and beyond to meet the needs of those we serve – both inside and outside our hospital walls. With support from Lifepoint Health and community partners, like you, we continue to make a positive difference together and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. Thank you.

**David Bunch, FACHE, CEO**

## 2022 Community Benefits

**Added 53 employed and independent providers**

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in bariatric surgery and more.

**Made nearly \$2.8 million in capital improvements**

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included construction to decrease the height of the concrete sidewalk near the front entrance, two replacement air handler units and the Da Tank and reverse osmosis system.

**Distributed a payroll of \$98,938,413 to approximately 930 employees**

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

**Donated more than \$21.2 million in services to those in need**

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

**Paid \$13,857,732 in taxes**

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

RGH and West Virginia Junior College (WVJC) announced plans to help address the nursing crisis by creating the WVJC School of Nursing at Raleigh General.

To help families celebrate Thanksgiving, our newborn nursery staff at RGH dressed the babies in turkey costumes, which were recognized nationally on the TODAY show.
